TALENTED ATHLETE SQUAD

The TAP squad participated in a tennis coaching session with Scott Steinham and Ben Wells at the Banora Point Tennis Complex. Students were taken through a range of activities and drills that highlighted the importance of good technique and fitness in Tennis. Brandon Stockwell was also able to show the squad his expertise with a racquet, blasting both forehand and backhand strokes across the court. In week 3 the squad will travel to Seagulls Gym ‘Revolution Fitness’ and participate in a core stability and rehabilitation session with exercise physiologist Jono Freeman.
From the Principal

Mr Greg Smith

Our year 12 students completed their half yearly exams at the end of term 1. They will have received results and some valuable feedback that will set them in the right direction in this final stage of their Higher School Certificate. The rest of the school will be focusing on half yearly assessments. These are held in the following weeks:

- Years 7, 8 and 11 in week 5 (commencing 18th May)
- Years 9 and 10 in week 6 (commencing 25th May)

As I indicated last week, NAPLAN exams commence for Years 7 and 9 on Tuesday 12th May 2015.

Year 10 into 11 subject selections begin in the next few weeks. Information booklets about curriculum choices have been prepared for year 10 students. Students should be considering which subjects they may be interested in and start seeking advice from class teachers and the careers adviser. The DEC has an information page which provides links and advice for students at

BOSTES has their advice page at:

The vast majority of our students have completed the Tell Them From Me surveys in term 1. This has provided us with good base-line data as we go into the implementation of our new plan, and will help us monitor our progress over the next three years. Parents and staff will be asked to complete their version of the survey in term 3.

We commemorated the 100th anniversary of ANZAC day last week and once again I believe everyone was impressed with the solemn, respectful nature of the ceremony. We had a record attendance at Saturday's ANZAC march with almost forty students and a dozen staff participating. Christopher Walkden from Year 10 was one of four Tweed students who read his project about the meaning of ANZAC day. It was well delivered and I'm sure Chris’ understanding of the ANZAC legend and the meaning of remembrance resonated with the large crowd assembled.

CAREERS NEWS

Term 2 is well under way. All students seem to be working hard which is pleasing to see. This is busy term for me with a lot of workshops and careers adviser events to attend. It is extremely important for me to attend these sessions so that I can receive all of the most up to date information on course, scholarships, applications and general careers information. As the information passes my desk, I will certainly pass it on to students and families. Year 10 subjects selections is a major focus over the next few weeks, and my senior Griffith University classes have their first Biology Labs and Exercise Science Labs coming up in the middle of this term also.

My office has been busy with students asking for assistance to get their resumes together, as they wish to start looking for part-time work. This is a great start and I am more than happy to help. If you would like your child to get a resume, or update their current one, please encourage them to come and see me, or send me an email jessica-lee.dreyer@det.nsw.edu.au. All students that have part time work should have a tax file number, and these can be obtained now at Australia Post.

Also, I would love to hear about your child and if they are achieving in any aspects or areas outside of school. Whether they are accomplishing great feats on the sporting field, or in navy cadets or on the musical stage, please let me know, as I would love to recognise their efforts.

Have a great fortnight.

Compulsory School Attendance
Information for parents

Education for your child is important and regular attendance at school is essential for your child to achieve their educational best and increase their career and life options. NSW public schools work in partnership with parents to encourage and support regular attendance of children and young people. When your child attends school every day, learning becomes easier and your child will build and maintain friendships with other children.

What are my legal responsibilities?

Education in New South Wales is compulsory for all children between the ages of six years and below the minimum school leaving age. The Education Act 1990 requires that parents ensure their children of compulsory school age are enrolled at, and regularly attend school, or, are registered with the Board of Studies, Teaching and Educational Standards for homeschooling.

Once enrolled, children are required to attend school each day it is open for students.

The importance of arriving on time

Arriving at school and class on time:

- Ensures that students do not miss out on important learning activities scheduled early in the day
- Helps students learn the importance of punctuality and routine
- Give students time to greet their friends before class
- Reduces classroom disruption

Lateness is recorded as a partial absence and must be explained by parents.

What if my child has to be away from school?

On occasion, your child may need to be absent from school. Justified reasons for student absences may include:

- being sick, or having an infectious disease
- having an unavoidable medical appointment
- being required to attend a recognised religious holiday
- exceptional or urgent family circumstance (e.g. attending a funeral)

Following an absence from school you must ensure that within 7 days you provide your child's school with a verbal or written explanation for the absence. However, if the school has not received an explanation from you within 2 days, the school may contact you to discuss the absence.

Principals may decline to accept an explanation that you have provided if they do not believe the absence is in the best interest of your child. In these circumstances your child's absence would be recorded as unjustified. When this happens the principal will discuss their decision with you and the reasons why.

Principals may request medical certificates or other documentation when frequent or long term absences are explained as being due to illness. Principals may also seek parental permission to speak with medical specialists to obtain information to collaboratively develop a health care plan to support your child. If the request is denied, the principal can record the absences as unjustified.

Travel

Families are encouraged to travel during school holidays. If travel during school term is necessary, discuss this with your child’s school principal. An Application for Extended Leave may need to be completed. Absences relating to travel will be marked as leave on the roll and therefore contribute to your child’s total absences for the year.

In some circumstances students may be eligible to enrol in distance education for travel periods over 50 school days. This should be discussed with your child’s school principal.
My child won’t go to school.
What should I do?

You should contact the principal as soon as possible to discuss the issue and ask for help. Strategies to help improve attendance may include a referral to the school’s learning and support team or linking your child with appropriate support networks. The principal may seek further support from the Home School Liaison Program to develop an Attendance Improvement Plan.

What might happen if my child continues to have unacceptable absences?

It is important to understand that the Department of Education and Communities may be required to take further action where children of compulsory school age have recurring numbers of unexplained or unjustified absences from school.

Some of the following actions may be undertaken:

- Compulsory Schooling Conferences

You may be asked, along with your child, to attend a Compulsory Schooling Conference. The conference will help to identify the supports your child may need to have in place so they attend school regularly. The school, parents and agencies will work together to develop an agreed plan (known as Undertakings) to support your child’s attendance at school.

- Application to the Children’s Court – Compulsory Schooling Order

If your child’s attendance at school remains unsatisfactory the Department may apply to the Children’s Court for a Compulsory Schooling Order. The Children’s Court magistrate may order a Compulsory Schooling Conference to be convened.

- Prosecution in the Local Court

School and Department staff remain committed to working in partnership with you to address the issues which are preventing your child’s full participation at school. In circumstances where a breach of compulsory schooling orders occurs further action may be taken against a parent in the Local Court. The result of court action can be the imposition of a community service order or a fine.

What age can my child leave school?

All New South Wales students must complete Year 10 or its equivalent. After Year 10, and up until they reach 17 years of age, there are a range of flexible options for students to complete their schooling.

Working in Partnership

The Department of Education and Communities recognises that working collaboratively with students and their families is the best way to support the regular attendance of students at school.

We look forward to working in partnership with you to support your child to fulfil their life opportunities.

SCHOOL & COMMUNITY NEWS

HELP!

Parents, if your child has some school shorts that are no longer required and you are happy to donate them back to the school, the Support Unit would GREATLY appreciate these!
If your child or teen has difficulties with anxiety or just seems to have too many worries, we would like to introduce you to BRAVE Self-Help – an interactive, online program for the prevention and treatment of childhood and adolescent anxiety. It was developed by a group of researchers from the University of Queensland and now, with the support of beyondblue, this program is now freely available to all young people aged 8-17 years old who are living in Australia.

BRAVE Self-Help provides strategies for children and teenagers to better cope with their worries. There are 4 programs available, one for children aged 8-12 years, one for teenagers aged 12-17 years and one for parents of children at these ages respectively. The program can be accessed as often as you like, from the comfort of your own home. For more information, or to register for the program, please visit www.brave4you.psy.uq.edu.au.
